RE: SUMMARY PROJECT REPORT APPROVAL FOR THE PROPOSED RANGELAND REHABILITATION AND PASTURE DEVELOPMENT PROJECT FOR TUDUMUNYIE MESHENANI COMMUNITY PROJECT CBO IN MESHENANI, KAJIADO COUNTY

Reference is made to your application regarding the above matter dated 19TH JULY, 2021.

Following a review of the report submitted and pursuant to Section 3 (b) of the Environmental Management (Impact Assessment and Audit) (Amendment) Regulations, 2019, it has been established that the proposed **Rangeland Rehabilitation And Pasture Development Project For Tudumunyi Meshenani Community Project CBO In Meshenani, Kajiado County**, is not likely to have any significant adverse Environmental Impact (s) and it is hereby exempted from undertaking a Comprehensive Project Report.

The Proposed project is hereby approved to proceed with the following conditions:

The Proponent SHALL;

1. Comply with the relevant principal laws, by-laws and guidelines issued for development of such a project within the jurisdiction of the Kajiado County Government; Ministry of Lands, Housing and Urban Development; Ministry of Transport and Infrastructure; Ministry of Health, National Construction Authority; Directorate of Occupational Health and Safety Services and other relevant Authorities;
2. Ensure strict adherence to the provisions of the Environmental Management and Coordination (Air Quality) Regulations, 2014;
3. Ensure strict adherence to the provisions of Environmental Management and Coordination (Noise and Excessive Vibration Pollution Control) Regulations, 2009;
4. Ensure that, pursuant to regulation 6 (c) of the Water Quality Regulations, 2006, any wetland and/or riparian is protected by ensuring that **NO** development activity is undertaken within

the full width of the stream to a minimum of six (6) meters and a maximum of 30 meters on either side based on the highest recorded flood levels;

5. Ensure strict adherence to the Occupational Safety and Health Act (OSHA), 2007;
6. Give emphasis to the control of Dust, Noise, Vibration and Occupational Hazards;
7. Give appropriate notification to the neighbors to limit nuisance caused;
8. Ensure training in pasture management is done for the communities;
9. Give emphasis to sustainable land management practices i.e. soil and water conservation measures;
10. Ensure community is educated and awareness made to achieve sustainability;
11. Put in place a comprehensive rangeland & biodiversity monitoring system to monitor rangeland status;
12. Develop an integrated grazing and rangeland management plan to introduce SNRM;
13. Ensure regular community consultation to improve understanding of a grazing management plan;
14. Ensure strategies/ techniques are put in place to deal with human conflicts that may arise;
15. Ensure a grievance address mechanism is put in place to address any grievances that may arise;
16. Ensure proper farming technologies are observed during seeding and land preparation to achieve soil and water conservation;

The above conditions will ensure Environmentally Sustainable Development and **MUST** be complied with.
