RE: SUMMARY PROJECT REPORT APPROVAL FOR THE PROPOSED PIGEON PEA VALUE ADDITION PROJECT ON PART OF PLOT L.R NO. WAMUNYU/KYANGULUMI/17 IN WAMUNYU LOCATION MWALA SUB COUNTY MACHAKOS COUNTY PLOT L.R NO.: WAMUNYU LOCATION, WAMUNYU WARD, MWALA SUB COUNTY IN MACHAKOS COUNTY., MWALA, MACHAKOS COUNTY

Reference is made to your Summary Project Report submitted to the Authority on 2021-07-13 on the above subject.

The National Environment Management Authority (NEMA) has reviewed the Summary Project Report of the above mentioned proposed project and in light of the provisions of the Environmental Management and Coordination Act, EMCA 1999 and pursuant to Section 3(b) of the Environmental (Impact Assessment and Audit) (Amendment) Regulations, 2019 the Authority has approved the proposed project with the following mandatory conditions.

SOPHIE MUTEMI

FOR: DIRECTOR GENERAL

Following a review of the report submitted and pursuant to Section 3(b) of the Environmental (Impact Assessment and Audit) (Amendment) Regulations, 2019 it has been established that the proposed **Pigeon pea value addition project on part of Plot L.R No. Wamunyu/ Kyangulumu/17 in Wamunyu Location, Mwala Constituency, Machakos County** is not likely to have any significant adverse environmental impact and it is hereby approved to proceed under the following conditions:

1. Ensure that the proposed activity is approved by the County Government of Machakos prior to commencement of works.
 2. Ensure compliance with the relevant principal laws, by-laws and guidelines issued for development of such a project within the jurisdiction of the Machakos County Government; Ministry of Lands, Housing and Urban Development; Ministry of Transport and Infrastructure; Ministry of Health, National Construction Authority; Directorate of Occupational Health and Safety Services, KEBS and other relevant Authorities.
 3. Ensure that the proposed development will not encroach on way-leaves and road reserves.
 4. Ensure that you seek approval for sewerage reticulation/connection to dispose waste water to the convectional sewer system that serves the area from the relevant water and sewerage services provider.
 5. Ensure that you adhere to the requirements issued by Kenya Bureau of Standards (KEBS) and other regulatory agencies.
 6. Ensure that appropriate measures are undertaken to minimise pollution to the neighbouring facilities.
 7. Ensure that all excavated material and debris is collected, re-used and where need be; disposed off as per the Environmental Management and Coordination (Waste Management) Regulations, 2006.
 8. Ensure strict adherence to the provisions of Environmental Management and Coordination (Air Quality) Regulations, 2014.
 9. Ensure strict adherence to the provisions of Environmental Management and Coordination (Noise and Excessive Vibration Pollution Control) Regulations, 2009.
 10. Ensure that in the event that the project site borders a wetland, the proponent, pursuant to regulation 6(c) of the Water Quality Regulations, 2006, shall protect the riparian by ensuring that **NO** development activity is undertaken within the full width of the stream to a maximum of six (6) metres on either side based on the highest recorded flood levels.
 11. Ensure that an appropriate traffic management plan is put in place so as to provide for smooth traffic flow on the narrow estate roads.
 12. Ensure strict adherence to the Occupational Safety and Health Act (OSHA), 2007.
 13. Ensure that workers are provided with adequate personal protection equipment (PPE), sanitary facilities as well as adequate training.
 14. Ensure that installation activities are undertaken during the day (and not at night) between 0800 hrs and 1800 hrs; and on Saturday between 0800hrs to 1300hrs. No work shall be undertaken on Sundays; and that transportation of construction material to and from site is undertaken during weekdays and Saturdays only during the hours specified herein.
 15. Ensure that emphasis is given to the control of dust, noise, vibration and occupational hazards.
 16. Ensure that appropriate notification is done to the neighbours to limit the nuisance caused
- The above conditions will ensure environmentally sustainable development and must be complied with.
